   b. Intensifying efforts to better assess the capabilities of the opposition by concentrating on the development of information regarding opposition activities and devices through intercommunity liaison and better exploitation of the CI potential.

   c.

   d.

   25X1A

2. Process staff applicant clearances as expeditiously as reasonable in view of Agency staffing requirements and projected increases in case load.

3. Concentrate on safety and security aspects of the Langley Headquarters building, with emphasis on the control of all emergency situations and the achieving of maximum protection against sabotage and natural hazard.

4. Proceed with the fulfillment of the responsibility for the development of interdepartmental security policy in connection with NRO activity as defined in the Agreement of 2 May 1962 between the Director of Central Intelligence and the Under Secretary of Defense to undertake an effective survey function designed to monitor the interdepartmental implementation of defined policy. Develop and expand the presently constituted records facility for the centralization of records regarding special types of clearances involved in this activity.

5. Continue emphasis on protection of Agency sources and methods and develop effective measures to prevent leaks. Work closely with the USIB ADHOC Group Committee to study Legislation for the Protection of Classified Intelligence Information in the preparation of appropriate legislation for presentation to USIB and ultimate enactment.

6. Play a major role in Agency implementation and community coordination of the USIB policy statement on Security and Counterintelligence for the purpose of achieving the stated policy goals.

7. Continue the development and expansion of the Office Clandestine Investigative Program.
